ABOUT US

Robshore Limited was established for the purpose of supplying qualified marine labour and auxiliary marine services for the Oil & Gas Sector. Our core focus is ensuring the supply of specialised labour for the Marine / Oil & Gas Sector, however through our affiliates, we also provide rental of storage space and equipment. Robshore has established its reputation solely on the quality and scope of services we are able to provide to supplement the needs of the Maritime Industry. We have also completed projects under the scope of dry-docking, marine construction, repairs to ocean-going vessels, sandblasting, water-blasting, industrial and marine painting, process plant engineering and maintenance, and equipment rentals.

Our facility is located at Granwood North, Western Main Road, Chaguaramas. This site comprises over three (3) acres of open storage with additional 12,000 sq ft of covered warehouse storage. We have a more than adequate and reliable water supply along with sufficient lighting and 24/hr security. Our facility forms a critical part of any inland construction and/or offshore operations. Our services are geared towards meeting the requirements of our local and international customers.

OUR **VISION**

To foster a positive workforce capable of contributing to the growth of our company and adding value to the Marine and Construction Industry; Locally, Regionally and Globally.

MISSION **STATEMENT**

To provide exceptional, responsible, qualified Marine Services to support the Local, Regional & International Marine Sector in a safe environment while building and maintaining long lasting customer relationships.

SAFETY ASSURANCE

Our personnel stress the importance of conducting safety meetings at the beginning of every work day which will cover drills ensuring to avoid any accidents/ incidents.

DAILY LOG SHEETS:

This is an imperative part of Robshore's daily operations in order to assist with our safety regulations and requirements. We ensure that all incidents are reported / recorded ensuring that these situations are addressed and continuous improvement is implemented.

SAFETY WEAR:

Safety Boots, Safety Helmets, Safety Glasses as normal attire. Ear Plugs or Muffs to be worn around loud machinery. Harness to be worn when working at heights exceeding 3'. Dust Mask to be worn in an environment where impure particles are present. Respirator to be worn in an environment where toxic fumes are present.

All equipment owned and used by the company is inspected and certified on a regular basis. These are but a few points in our ongoing safety awareness program, our detailed Environment and Safety Policies and Procedures document is ***Safety Matters***.
